

**X-Beam is a 24F, 1.9E (true),
Architectural appearance glulam, sized
to match 4" and 6" framing.**

X-Beam is the first architectural glulam beam to match standard 4" and 6" framing lumber and it has become the choice for a building industry increasingly focused on value engineering. X-Beam is on the ground and ready for next-day delivery.

Hardware

Major hardware manufacturers like Simpson and USP support X-Beam products with full lines of compatible hardware. Any hanger that publishes a DF connection value will work with X-Beam. Standard timber hardware is typically much less money than comparable glulam hardware.

Available Net Widths:

- Beams: 3 $\frac{1}{2}$ ", 5 $\frac{1}{2}$ ", 6 $\frac{3}{4}$ ", and 8 $\frac{3}{4}$ "
- Columns: 3 $\frac{1}{2}$ " x 6", 5 $\frac{1}{2}$ " x 5 $\frac{1}{2}$ ", 5 $\frac{1}{2}$ " x 6"

I-Joist and Conventional Glulam Depths

- I-Joist Depths: 9 $\frac{1}{2}$ ", 11 $\frac{7}{8}$ ", 14", 16", 18"
- Glulam Depths: 6" through 30" in 1 $\frac{1}{2}$ " increments
Also available in 9 $\frac{1}{4}$ " and 11 $\frac{1}{4}$ " depths

Ecological Benefits

Glulam was green before green was a buzzword and X-Beam is manufactured from renewable 2nd and 3rd generation forests. X-Beam is manufactured with wet-use adhesives that meet or exceed the most stringent global emission standards.

Strong and versatile, X-Beam is the engineering choice for single and multi-family structures.

Rosboro X-Beam: Cut Costs Not Quality And It Fits

X-Beam is the most cost-effective engineered wood product in the market today. Builders and developers appreciate that X-Beam saves them money without sacrificing performance. X-Beam is the smart choice for short window and door headers due to its ease of installation and its superior price advantage. I-Joist depth X-Beam also provides significant savings in the floor framing package since it is interchangeable with higher cost LVL in most residential floor applications.

Rosboro

TREATED X BEAM™

When You Need It To Last

Rosboro's Treated X-Beam is finished to an Architectural appearance and is made from coastal region Douglas fir. Rosboro's Treated X-Beam is treated with Hi-Clear II – a clear wood preservative that leaves the beam an attractive honey-color.

The treatment protects against decay, mold, bacteria, and insects, including the Formosan termite. Backed with a 25-year warranty, Rosboro Treated X-Beam products are an excellent choice for decks, porches, and balconies where appearance is critical.

Beams Are Available in Common Sizes:

Widths: 3½" and 5½"

Depths: 9½", 11⅞", 14", 16" and 18"
